

BLOOD DRIVE

Sunday, November 5th

8:30 am – 3:30 pm

In the Family Life Center

Did you know that 4.5 Million Americans would die each year without life saving blood transfusions? That approximately 41,000 pints of blood are used each day in the United States? That every two seconds someone needs blood? That one out of every 10 people entering a hospital needs blood? That one pint of blood can help save as many as three lives?

*Your single donation can save up to **THREE** lives! Won't you be a **HERO** and save a life (or three)?*
